Preparation

- 1 Make sure the surface you are working on is flat and use a protective blanket on the floor to prevent damage

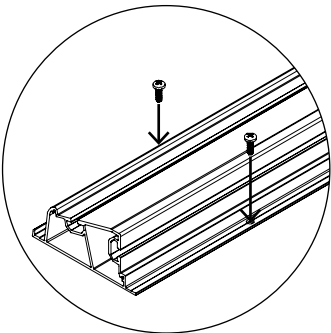

Assembly of Lite Table requires at least two people.

Assembling table frame

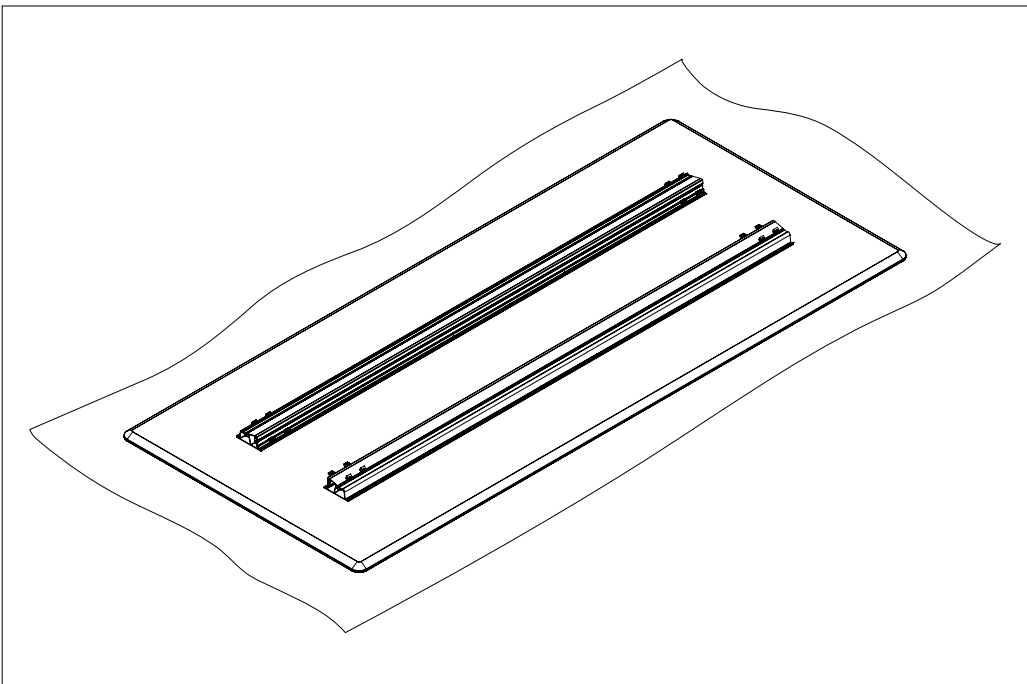

- 2 Place profiles on the tabletop

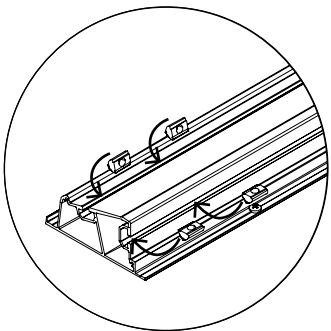

Place profiles on the backside of the tabletop and mount them using PZ 5x16 screws.

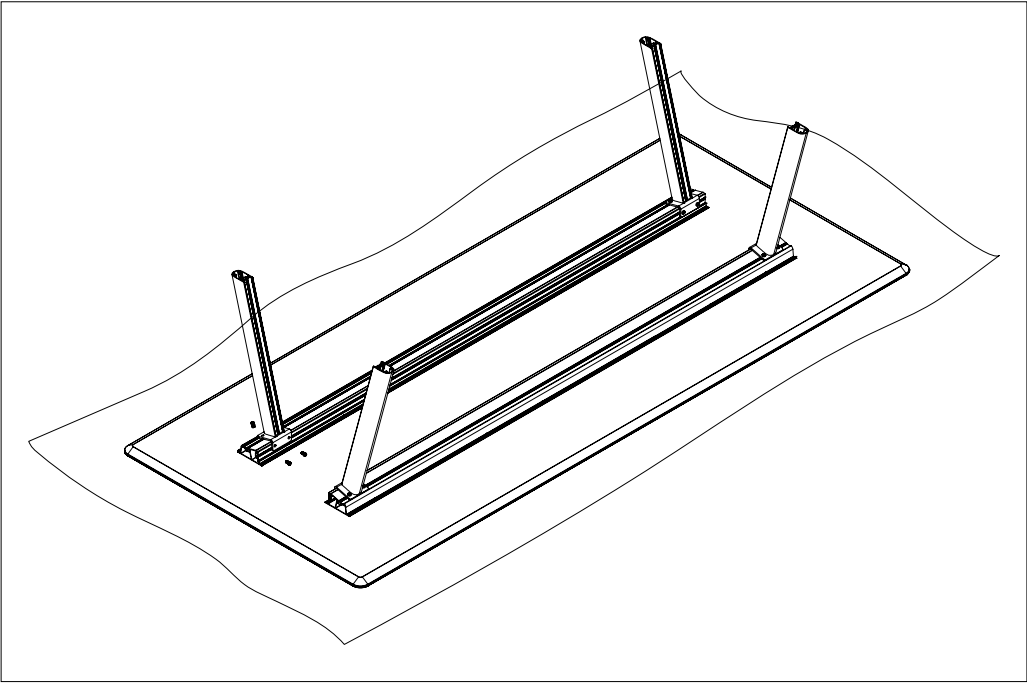

- 3 Insert sliding nuts

Insert 4x M8 sliding nuts at each end of the profiles

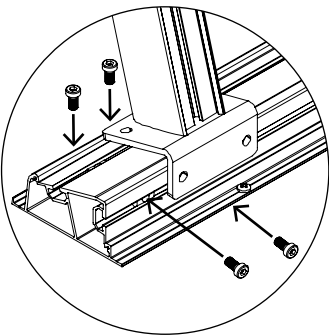

- 4 Connect legs to the frame

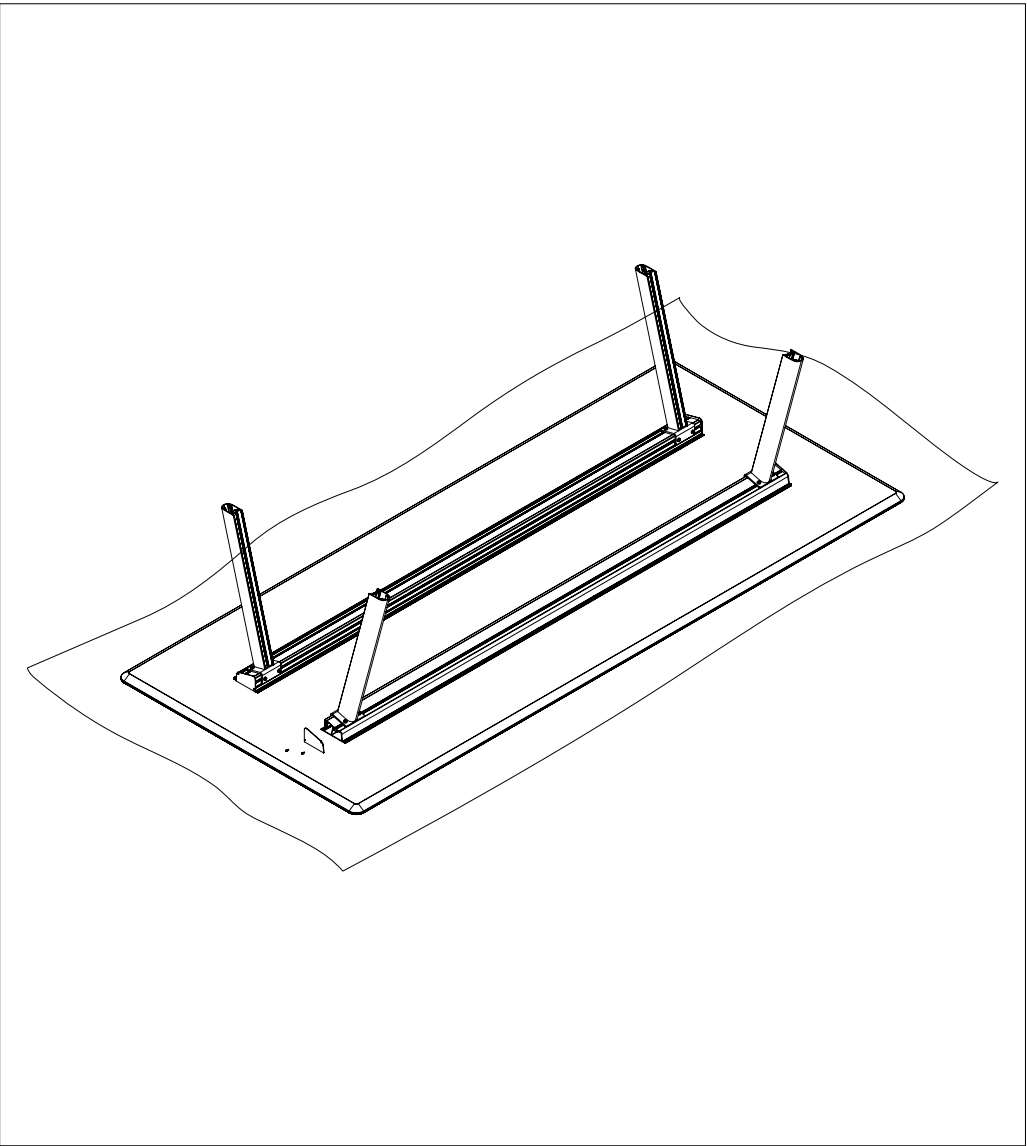

Connect the table legs to the profiles with 4x M8x16 bolts per leg using the allen key

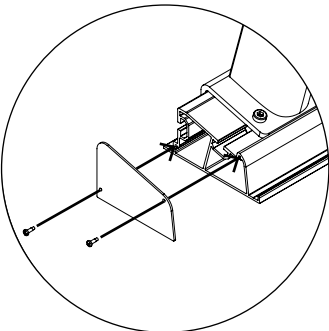

Make sure all screws are properly fastened (5 Nm)

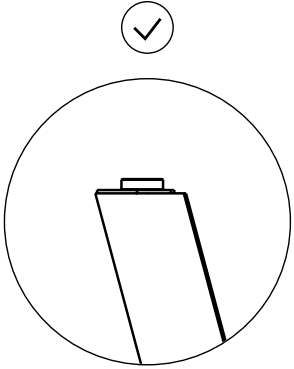

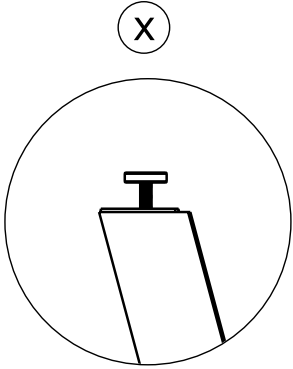

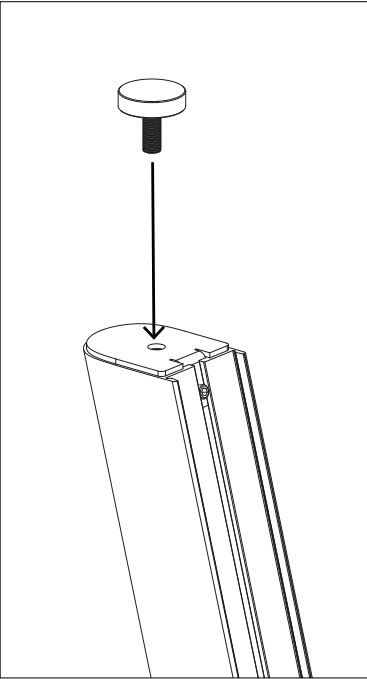

- 5 Mount the frame covers

Place 1x frame cover per head side of the profile and fasten it with 8x self-tapping screws M3x10

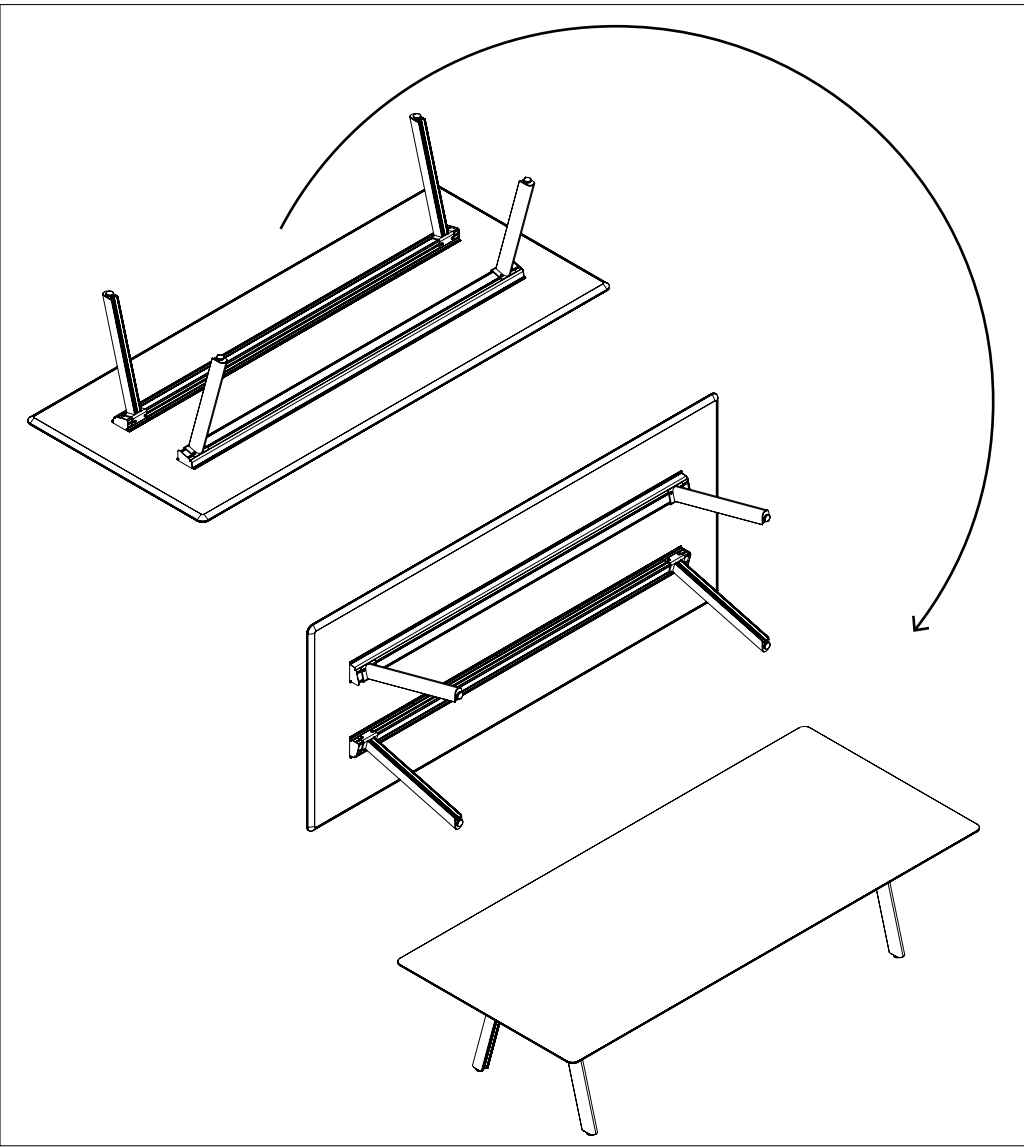

6 Attach adjustable feet

Please, take into account that adjustable feet are intended for levelling the tabletop and not for height adjustment.

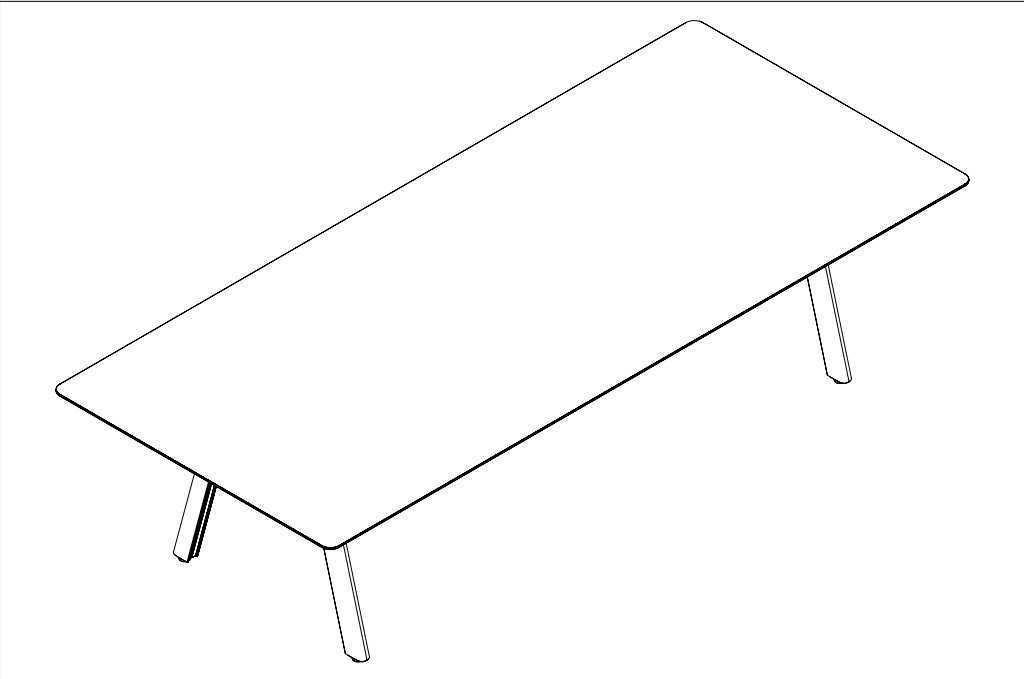

Screw the feet in properly to make sure the table is stable.

7 Turn the table with care

Make sure to protect the edge of the tabletop while turning it to prevent damage.

8 You are all set!
