

# Fost Bulb Acoustic Lamp

## Installation Guide

DeVorm

## Introduction

- Follow the instructions for a safe installation.
- Make sure that the power supply has been turned off before installing or cleaning the product.
- Pay attention to the correct colours when connecting the wires: blue (N), brown or black (L) and protection class I yellow/green (earth wire).
- Maintain interior lighting with a dry cloth or brush. Do not use alcohol or any other solvents to clean the product. Keep all electrical components dry. Make sure the power is switched off before cleaning this product.
- If the fixture is mounted on a metal surface, it must be earthed or connected to earthing from the electrical installation.

## 3 pole wire

Brown	L
Blue	N
Yellow/green	Ground

## About

Fost Bulb combines unique aesthetics and smart functionality. Made from acoustic PET Felt material, the lamp dampens the sounds inviting you to sit down under its enveloping dome. A refined ribbed pattern on the lampshade will add a playful touch to any working, meeting or dining interior.

## Care & Maintenance

Make sure that the power has been turned off before cleaning this product. It is advised to clean by dabbing the PET Felt with a damp cloth. Do not rub, it can cause damage and may cause bald spots. If this is not sufficient, stubborn stains can be removed with qualitative cleaning products like the James cleaning set.

Tools

PZ Cross-head  
screwdriver

Drill

Parts required

Assembled Fost Bulb lamp  
incl. electrical cord

Steel cable  
Ø1mm x 3m  
3x

Ceiling mount  
Ø11x14mm  
3x

Screws  
PZ 4x35 mm  
3x

Plug  
Ø6x30mm  
3x

1 Make sure the power is switched off

2 Drill 3 holes with 220mm between them

! Make sure you use the correct type of drill for the material you are drilling into

3 Insert plugs and screw the ceiling mount disk into the plug

4 Insert the steel cable into the ceiling cap. Then mount the ceiling cap on the ceiling mount disk

5 Push the three steel cables into the cable adjusters and adjust them to the correct height

! Make sure to thread the steel cable through the rubber rings on the cord

6 Connect the lamp to power supply and put the light bulb in the socket

! Depending on your order, Fost Bulb is delivered with E26 or E27 fitting. The light bulb is not included

## We create interior products by today's standards.

De Vorm is established in a new era, we develop products by the standards of today. This means we produce efficiently, use the full lifecycle of products and eventually give them a new life.

Our emphasis lies on making a product that works, by setting a variety of conditions; it should be legible, accessible, but also environmental friendly and aesthetically perfectly in balance.

## We like a product because of its functionality.

A good product makes life easier — by helping us function better throughout the day. We firmly believe that the beauty of a design lies in the sum of its functions. That is what makes it a complete product.

## We continuously raise the bar.

From the very first sketches we already start searching, combining and developing new techniques to find new possibilities to innovate. Our design process is infused with technical development; techniques result in aesthetic features and the other way round.
