

# Onde Floating Installation Guide

DeVorm

Tools

Drill  
Ø6 mm

Screwdriver  
PH2

Mounting parts

Wall plug  
Ø6x30mm  
3x

Screws  
PZ 4X35 mm  
3x

Adjuster  
3x

Screws  
M4X10  
3x

Ceiling mount  
Ø11x14 mm  
3x

Steel cable  
Ø1x3 m  
2x

Strip  
750 mm  
L

Strip  
727 mm  
M

Strip  
570 mm  
S

Onde  
3x

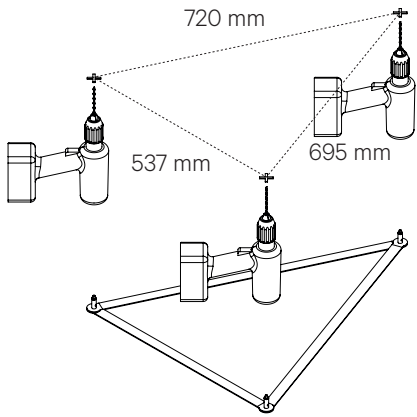

1 Take the strips

2 Assemble the triangle

3 Drill holes in the ceiling

4 Install the ceiling cap and connect the steel wires to the triangle

5 Snap Onde to the triangle, using the magnets

6 Congratulations, it's done!

7 Optional: grid for larger installations

## We create interior products by today's standards.

De Vorm is established in a new era, we develop products by the standards of today. This means we produce efficiently, use the full lifecycle of products and eventually give them a new life.

Our emphasis lies on making a product that works, by setting a variety of conditions; it should be legible, accessible, but also environmental friendly and aesthetically perfectly in balance.

## We like a product because of its functionality.

A good product makes life easier — by helping us function better throughout the day. We firmly believe that the beauty of a design lies in the sum of its functions. That is what makes it a complete product.

## We continuously raise the bar.

From the very first sketches we already start searching, combining and developing new techniques to find new possibilities to innovate. Our design process is infused with technical development; techniques result in aesthetic features and the other way round.
